## WELCOME TO MALAYSIA

Situated in the heart of Southeast Asia, Malaysia is a fascinating country with a diversity of attractions. Here, three major races, the Malays, Chinese and Indians live in harmony along with the indigenous communities of Sabah and Sarawak in Malaysian Borneo. The ethnic groups of Portuguese, Dutch and Thai origin add colour to the nation's rich cultural tapestry.

Kuala Lumpur, Malaysia's capital, is one of the most vibrant cities in Asia. This modern cosmopolitan city has a large number of educational establishments, ranging from reputable private schools to world-class higher educational institutions. The country's main gateway is the Kuala Lumpur International Airport (KLIA), south of the capital. Other major international airports are in Langkawi, Penang, Johor, Kota Kinabalu and Kuching. Over 40 international airlines fly into the country while the national carrier, Malaysia Airlines has a global network that spans six continents.

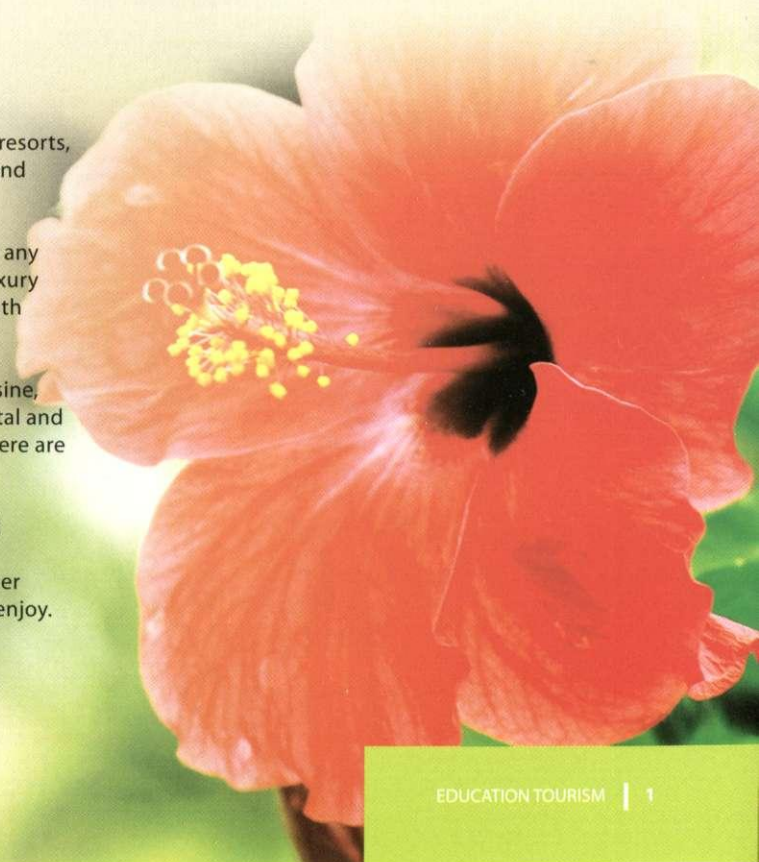

A myriad of attractions give the country an irresistible appeal. Experience its alluring wonders - breathtaking islands and beaches teeming with marine life, a 130 million-year-old

rainforest that is home to fascinating flora and fauna, glittering skyscrapers, exciting theme parks, scenic hill resorts, charming heritage buildings and year-round festivals and celebrations.

Malaysia offers a wide range of accommodation to suit any preference and budget, from international-standard luxury resorts to budget hotels. Serviced apartments and youth hostels are available for long-staying guests.

Students will find a delectable variety of Malaysian cuisine, as well as a wide array of restaurants offering continental and international fare. Halal food is widely available and there are many eateries offering vegetarian food in major cities.

English is widely spoken here and the warm smiles and friendly hospitality of the locals will soon charm you. From shopping to sightseeing, dining and a host of other attractions, Malaysia offers something for everyone to enjoy.

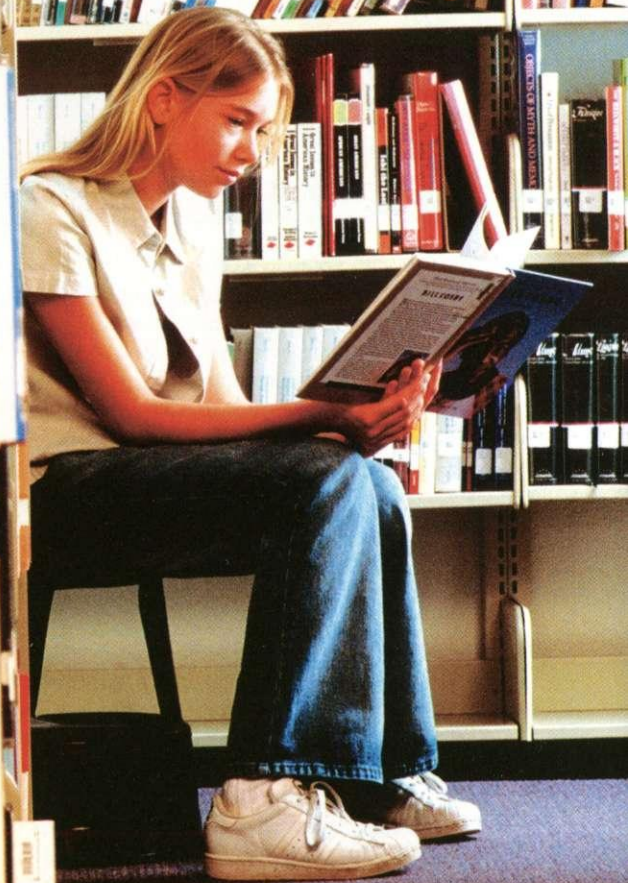

# MALAYSIA

# STUDYING IN MALAYSIA

• Schools • Colleges and Universities • English Courses

Malaysia is fast emerging as a centre for educational excellence in the region. There are many kindergartens, private schools, international and expatriate schools as well as colleges and universities that offer top-notch education. A number of colleges and universities are affiliated with reputable overseas universities. Malaysia is also the pioneer in this region to have branch campuses of foreign universities. The establishment of these foreign university branch campuses reflects the high-level of confidence in Malaysia as a provider of quality education.

The international community will find Malaysia an ideal destination for all levels of education. Choose from long-term programmes such as Diplomas, Bachelor's, Master's and Postgraduate Degrees, or short-term English language courses, summer/motivation camps as well as homestays with the locals. Students can enrol in private and international schools, or opt for expatriate schools where they can continue with the syllabi of their respective countries. Studying here is also an ideal option for families that participate in the Malaysia My Second Home programme or health and wellness packages to Malaysia.

The Ministry of Education and the Ministry of Higher Education are dedicated to ensure high academic standards in the country. To further promote Malaysia, the Ministry of Higher Education has set up education promotion centres in Vietnam, China, United Arab Emirates and Indonesia.

With more than 500 institutions of higher learning around the country, Malaysia offers international students a wide choice in terms of courses, institutions and locations. Degrees in various fields including Engineering, Medicine, Law, Mass Communication, Tourism, Fashion and Fine Arts can be obtained here at a relatively affordable cost, with the quality assurance that is second to none. Language is not a barrier as English is used as the medium of instruction.

Foreigners will find a varied student population, from countries such as China, Japan, Singapore, Pakistan, Indonesia, Australia, India, Thailand, Singapore, Iran, Iraq and many other parts of the world. The multiracial backdrop provides an excellent opportunity to interact with one another and understand about different cultures.

Most educational establishments are equipped with extensive facilities for studies and leisure. Well-stocked libraries, diverse curricular activities as well as regular seminars and workshops provide the necessary support and create a favourable and conducive environment for students' development.

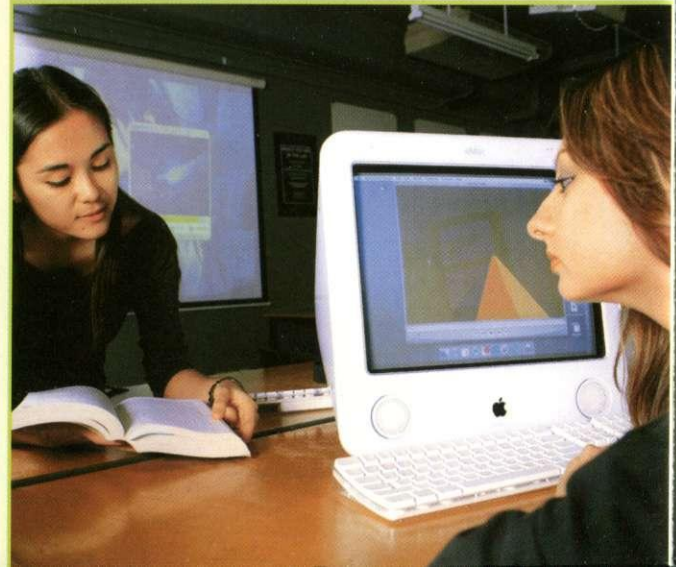

The abundant natural marvels, sunny tropical weather, colourful festivals as well as the warm and friendly locals will enrich your learning experience and make your stay in the country thoroughly enjoyable. So pack your knapsacks, Malaysia awaits you with endless opportunities for learning, adventure and fun.

### Advantages for International Students

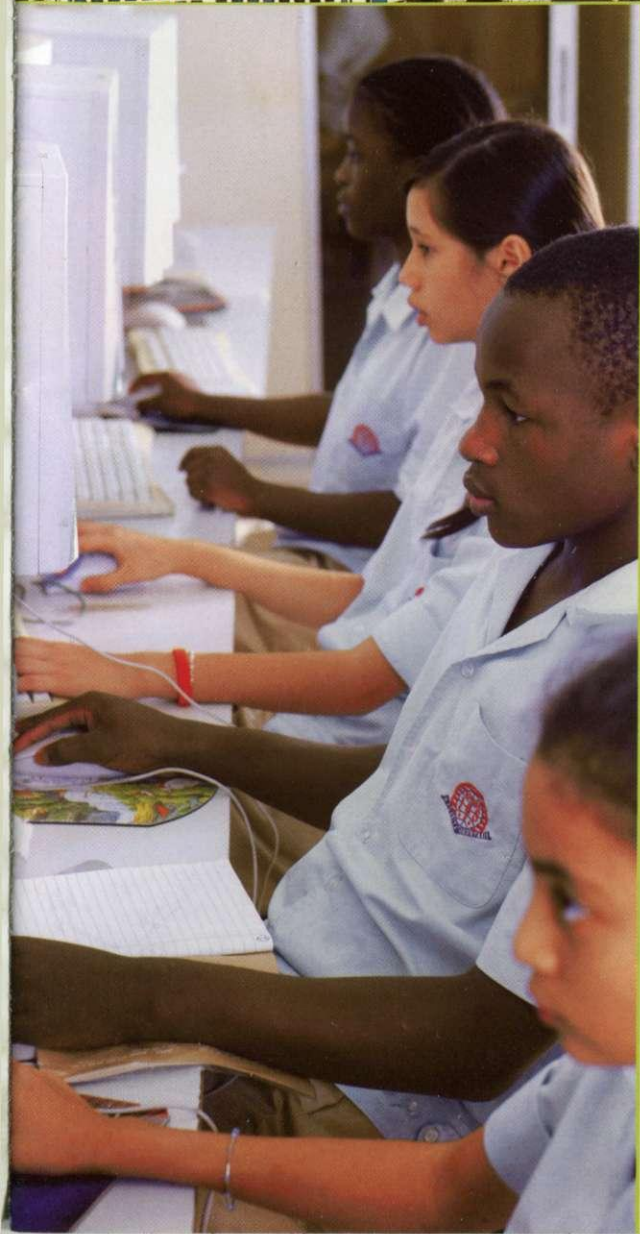

As a regional centre for educational excellence, Malaysia offers many advantages for international students:

#### • Internationally Recognised Qualifications

Enjoy high standards of education and internationally recognised programmes. Qualifications obtained here are on par with those offered in Europe, United States, United Kingdom and Australia.

#### • International Affiliations

Many colleges and universities work in collaboration with reputable foreign universities in United Kingdom, Australia, United States and Canada. Students can take advantage of the cost-saving twinning programmes and credit transfers to obtain foreign Degrees at a reasonable cost. Choose from the unique 3+0 programme to study in Malaysia or 2+1 programmes to complete the final year overseas.

#### • An Extensive Range of Options

Students will find an extensive range of options for their studies, consisting of both academic and skill-based fields. Choose from traditionally popular courses such as Engineering and Medicine or opt for Business Administration, Computer Science and Information Technology. A growing number of institutions are offering qualifications in Art & Design, Music, Theatre, Fashion as well as Culinary Arts.

#### • English as the Medium of Instruction

English is used as the primary medium of instruction in private schools, private colleges and universities, as well as in most public universities in Malaysia. Libraries are well-stocked with books and reference materials in English.

#### • Affordability

Malaysia offers greatly affordable education compared to traditionally popular countries such as the United Kingdom and United States. Students can take advantage of the reasonable tuition fees imposed by the educational institutions.

#### • Cost of Living

The relatively lower cost of living in Malaysia makes it a highly appealing destination for the international student population. Most colleges are situated near to accommodation facilities such as college hostels or private accommodations (serviced apartments, link houses or condominiums) which are available for a reasonable rental fee. Transportation costs (such as train and bus fares) as well as food and beverages are also reasonably priced.

#### • Knowledge and Skills

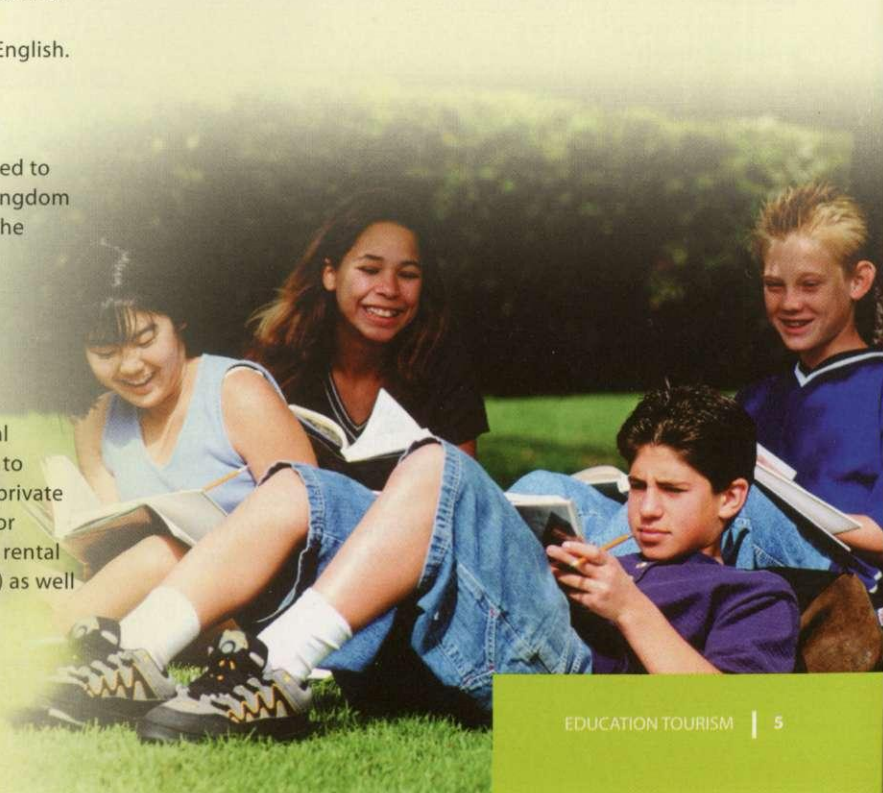

Students can gain various skills through innovative teaching methods, practical trainings, industrial internships and state-of-the-art facilities that are offered by Malaysian colleges and universities.

#### • Political Stability and Safety

Malaysia is one of the safest countries in the region, and parents as well as students can rest assured that the warm hospitality of the locals will make studying here a pleasant and enjoyable experience.

#### • Hassle-Free Entry Formalities

Malaysia offers hassle-free immigration procedures. Upon arrival, international students will be greeted at the airport by representatives from the respective higher educational establishments. All the necessary arrangements, such as accommodation and transportation will be taken care of, to ensure that students' first day in the country is pleasant and stress-free.

## SCHOOLS

International students of all ages and levels of education will find studying in Malaysia to be a practical and feasible option. There are several types of schools in Malaysia.

### International and Expatriate Schools

Malaysia's conducive living environment, pleasant weather and social stability make it a highly appealing destination to people from all over the world. To meet the needs of the growing expatriate community, the Ministry of Education has facilitated the establishment of international and expatriate schools. These schools provide education in accordance to the international curriculum and enable students who are accustomed to the British, American, Japanese, German, Taiwanese, Indonesian and Saudi Arabian school systems to continue their studies uninterrupted while in Malaysia. Students are prepared for examinations such as the International General Certificate of Secondary Education (IGCSE), O-Levels, A-Levels and International Baccalaureate (IB). Besides foreign students, Malaysian students can also enrol in International Schools that comply with the terms and conditions set by the Ministry of Education.

### Private Schools

International students can select from the many private primary and secondary schools in the country. These privately-funded schools offer syllabi that conform to the Malaysian Integrated National Curriculum. English is the main medium of instruction and subjects such as Mathematics, Science and Information Technology are taught in English. Enrolment is open to both Malaysian and foreign students.

### Chinese Independent Secondary Schools

These schools use Mandarin as the medium of instruction and conform to the guidelines set by the Ministry of Education. Its enrolment is open to both Malaysian and foreign students. Most schools in this category conduct their own widely recognised examinations such as the Unified Examination Certificate (UEC). However, students can choose to sit for additional Malaysian public examinations as private candidates.

### Private Religious Schools

Private Religious Schools conform to the Malaysian National Curriculum but place an emphasis on Islamic religion. Some schools incorporate the religious curriculum prepared by State Islamic Departments or Councils. The media of instruction are Bahasa Malaysia (the national language), English and Arabic.

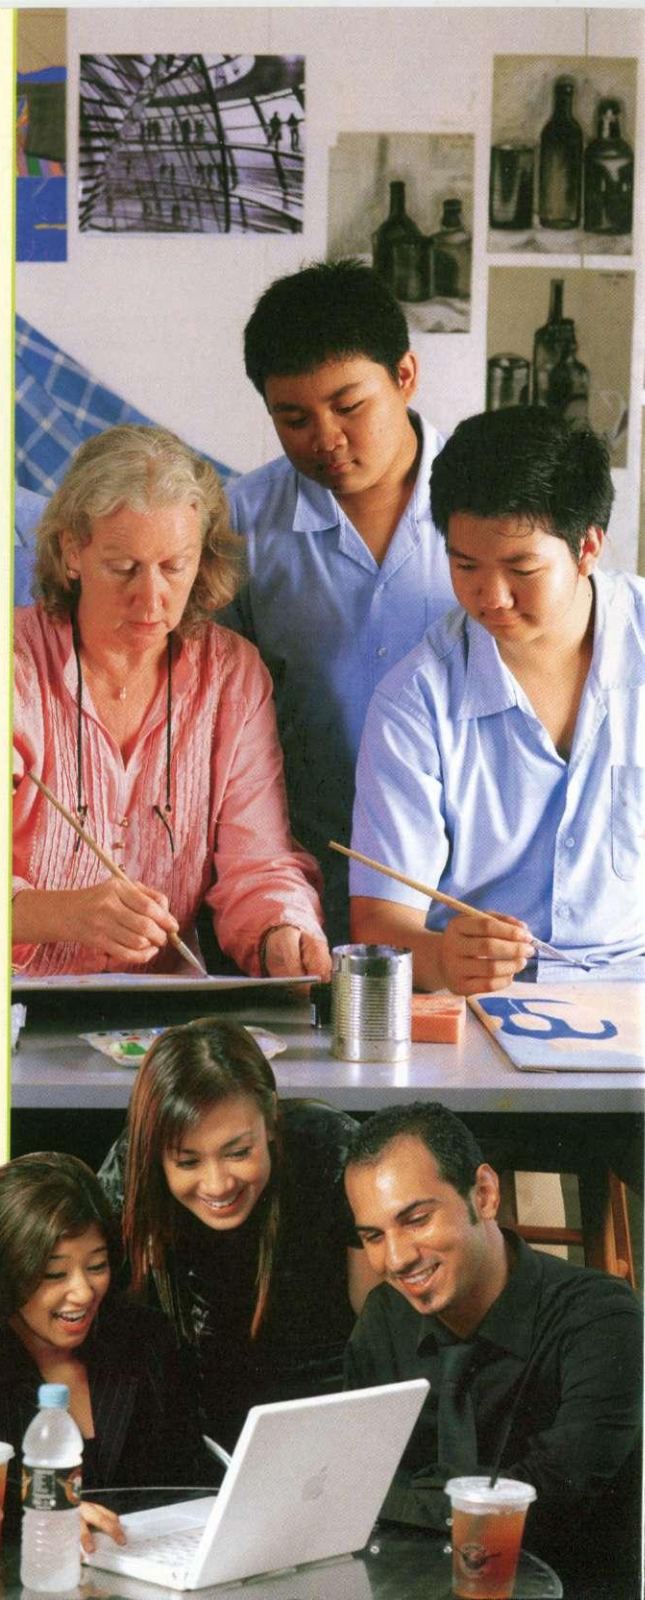

### Public Schools

Public schools (also known as National Schools) are free and use Bahasa Malaysia as the medium of instruction. These schools conform to the Malaysian Integrated National Curriculum. Some public schools (National-type Schools) conduct classes in other languages such as Mandarin and Tamil. However, students are taught Bahasa Malaysia and English. In all public schools, Mathematics, Science and Information Communication Technology (ICT) are taught in English to prepare students for common examinations such as UPSR, PMR, SPM and STPM. Foreign students can be accepted into public schools if they are :

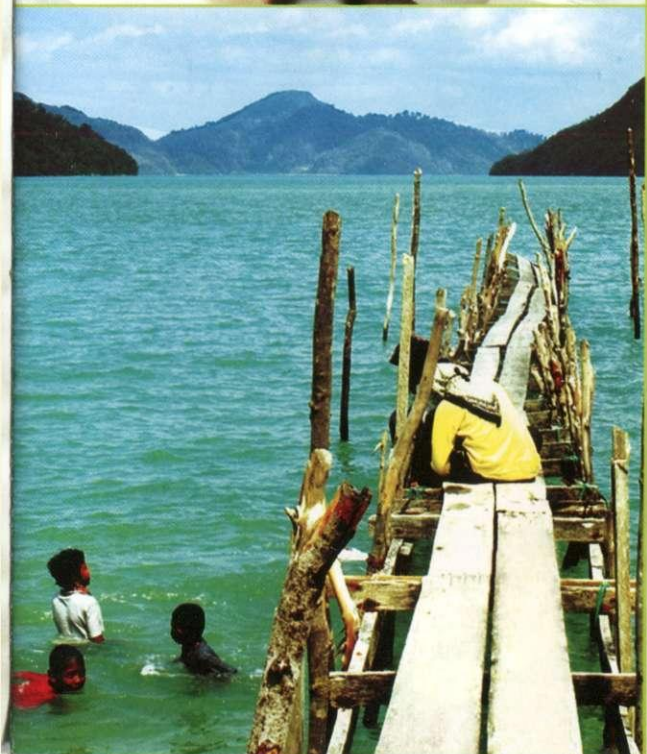

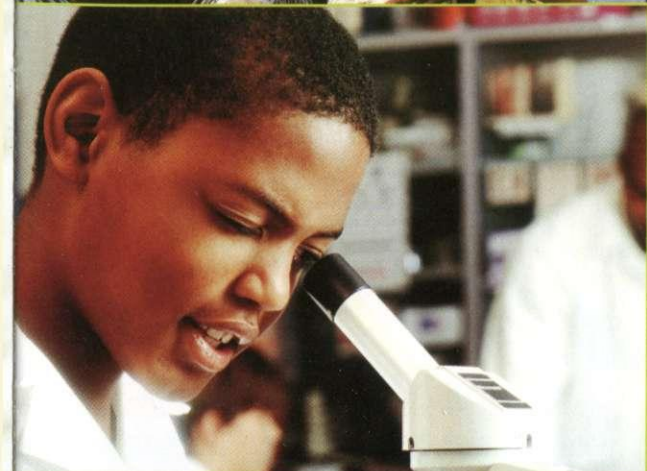

- children of diplomats
- children whose parents have authorised work permits
- children whose parents have permanent resident status

## COLLEGES AND UNIVERSITIES

Malaysia welcomes international students from various countries to pursue their higher education here. There are numerous public and private institutions of higher learning that provide a diverse range of courses in various areas of specialisation. The availability of external degree programmes and twinning programmes are among the factors that make Malaysia a preferred destination for higher education.

### Private Colleges

A wide range of study options await international students at Malaysian private colleges. Students can choose from pre-university programmes, franchised degree programmes, professional and semi-professional courses, to English courses, internationally-rated internal Certificate or Diploma programmes and many more.

One of the most popular choices among both local and foreign students is the 3+0 programme. Under this arrangement, private colleges are given permission by their foreign partner university (or host university) to conduct the entire degree programme in Malaysia. Thus, students can obtain a British, American, Australian, French, New Zealand or Canadian degree entirely in Malaysia without going overseas.

Alternatively, students can opt for the 2+1 split degree programme to complete their final year at overseas institutions. In both options, the degree qualification will be awarded by the foreign partner university. Credit Transfer Programmes and Advanced Standing Programmes are other collaborative efforts with overseas universities.

A high number of international students choose Malaysia for pre-university programmes such as GCE A Levels, South Australian Matriculation (SAM), Western Australian Matriculation (AUSMAT) and Canadian International Matriculation Programme (CIMP).

Students who intend to sit for external professional examinations will be happy to find that these colleges are well-equipped to prepare them for qualifications such as MICPA, MIA, ACCA-UK, ICOSA-UK, CIMA-UK, CPA-Australia/EM and EC-UK. Postgraduate programmes are also offered in collaboration with foreign universities.

### Branch Campuses of Foreign Universities

The establishment of foreign university branch campuses in Malaysia reflects the high standards of education here. Offering identical degree qualifications as the main/parent campus, these branch campuses also ensure the same course materials and quality of education. Students can enjoy many privileges such as automatic registration as a student at the parent campus and an opportunity to spend one or more semesters at the parent campus with no disruption to their studies. Hence, by enrolling in a branch campus in Malaysia, international students can obtain the same degrees as the main campus in Australia or United Kingdom, at a fraction of the cost. Areas of study range from university foundation programmes, Bachelor's and Master's Degrees to Postgraduate courses in various fields including Business, Applied Science, Engineering, Information Technology and Medicine.

### Private Universities And University-Colleges

Malaysia offers a wide choice of locally grown private universities and university-colleges, which award their own qualifications. Benchmarked against international standards, these universities and university-colleges meet the standard criteria and stringent requirements set by the National Accreditation Board (LAN). International students can pursue a wide range of courses such as pre-university programmes, Diplomas as well as Bachelor's, Master's and Postgraduate Degrees. The worldwide recognition, coupled with the reasonable fee make these establishments a popular choice for both local and international students.

## International University

The International Islamic University of Malaysia (IIUM) is the only international public university in the country. It operates under a Board represented by the university's sponsoring governments and organisations, which include Malaysia (host country), the Maldives, Turkey, Pakistan, Bangladesh, Libya, Egypt, Saudi Arabia and the Organisation of Islamic Conference (OIC). It offers a wide range of courses in various disciplines including Economics, Law and Science.

## Public Higher Education Institutions

Public higher education institutions in the country comprise of universities, university-colleges, community colleges, colleges and polytechnics. Public universities can be found in almost all states in the country and the courses offered range from Arts, Humanities, Engineering, Science to Information Technology and many more. International students have the opportunity to further their studies in public universities and university-colleges, especially in postgraduate programmes.

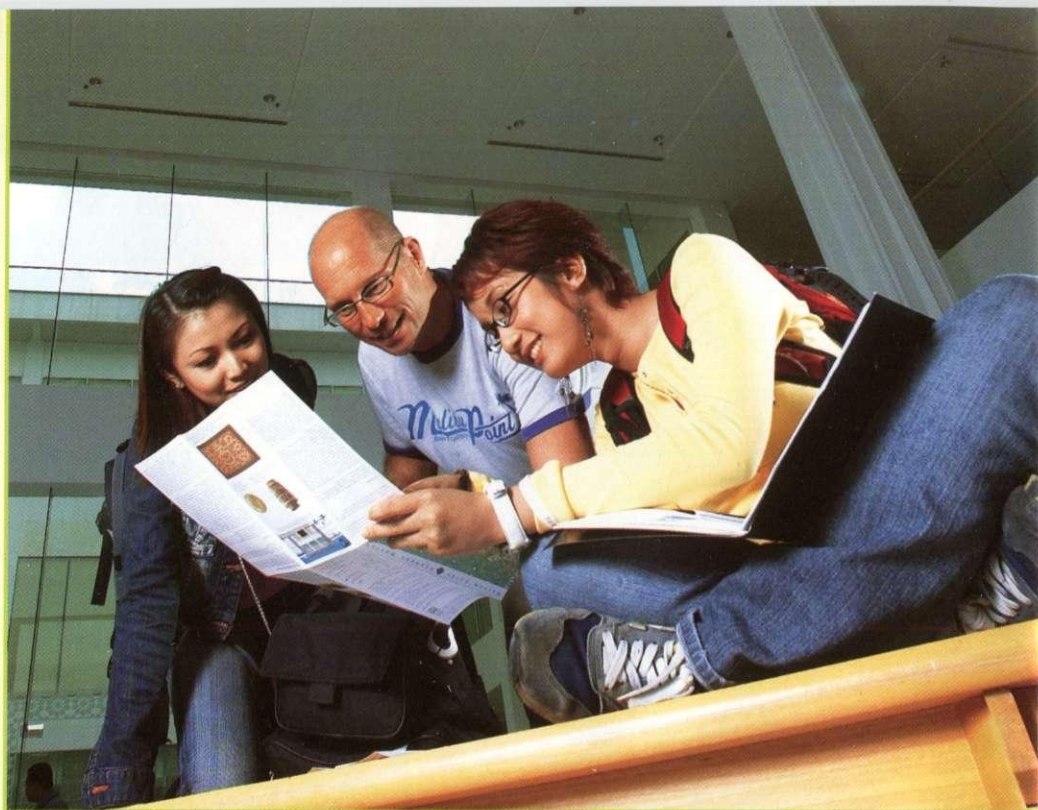

## ENGLISH COURSES

Malaysia offers a conducive environment to learn English. The wide recognition given for the courses, the tutorial support by qualified professional lecturers and the availability of academic and supplementary materials in English make the country a popular choice for English courses.

Among the English courses available in Malaysia are preparatory courses for internationally recognised English language tests such as TOEFL (Test of English as a Foreign Language) and IELTS (International English Language Testing System).

There are a number of courses conducted by ELS English Language Centres in Malaysia, such as Certified Intensive English Programme, Certified Intensive English Programme (CIEP) Level 109, English for Academic Purposes (EAP) Programmes, Teaching of English to Speakers of Other Languages (TESOL) Programme, English Plus, Young English Explorer Programme and Computer Assisted Language Learning (CALL) Programme.

In addition, English language courses are also offered by private colleges and universities. These include the Bachelor of English (Hons) Programme, General English Proficiency, Diploma in English for Business, Intensive English Programme, Report Writing, English for Specific Purposes and English Improvement Programme. For further information on English courses, students can visit the websites of colleges and universities in Malaysia. (Refer to page 32)

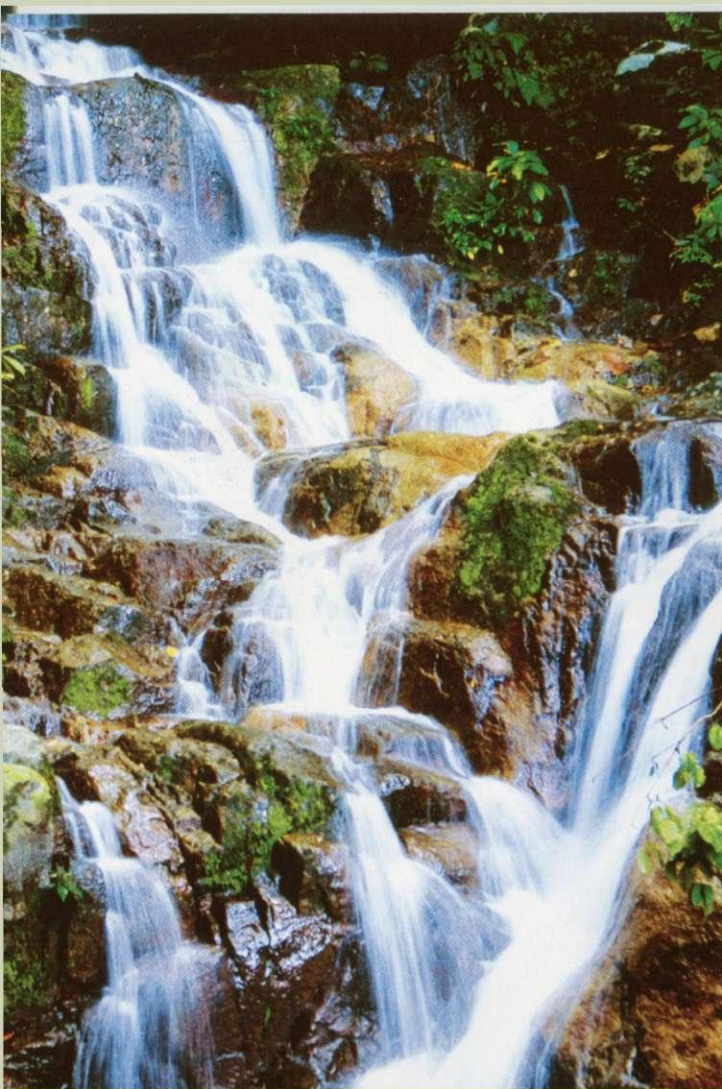

# CAMPS & OUTDOORS PROGRAMMES

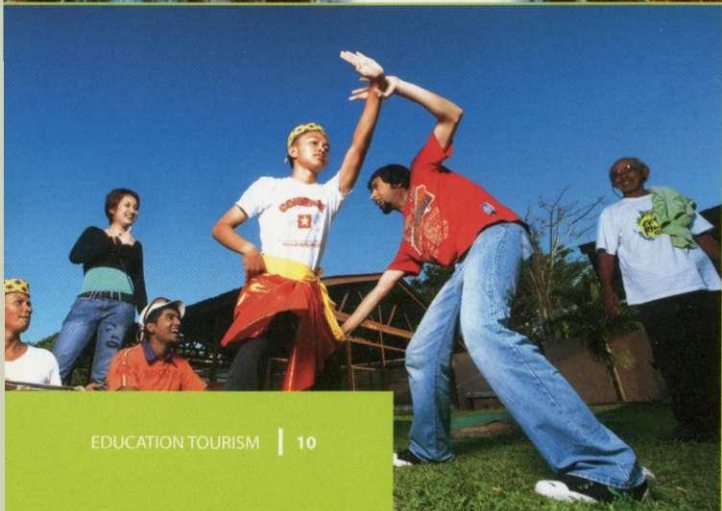

Malaysia's beautiful countrysides, rushing rivers, ancient rainforests and majestic mountains provide the excellent backdrop for a range of outdoor and recreational activities.

Foreign students of all ages can find a variety of enjoyable programmes here. Both the adventure-lover and the leisure-seeker will find Malaysia to be the ideal destination for summer camps, motivational courses and a host of other interesting pursuits. Trek into the rainforests to experience the sights and sounds of nature or pit your strength against the rapids in a white-water rafting expedition. The bright sunny weather and natural diversity are great for leadership trainings, character building programmes and team-building activities. In addition, students will learn about the profusion of exotic plants and wildlife that make our rainforests as their home.

For the more adventurous, the warm waters around the country create the perfect setting for diving lessons of various levels, from introduction to instructor-level courses. These courses are certified by recognised agencies such as PADI (Professional Association of Diving Instructors), NAUI (National Association of Underwater Instructors) and SSI (Scuba Schools International).

Cultural immersion programmes offer students an opportunity to experience the local lifestyle. Try your hand at painting Batik, a unique and versatile fabric which features hand-painted or block motifs, or learn Silat, a Malay martial art with elaborate movements.

For the unique opportunity of living among the friendly villagers, students can participate in homestay programmes at the many scenic and charming villages. Live with your friendly host family and enjoy a variety of traditional pastimes, from *congkak*, an indoor game to *sepak takraw*, an interesting ball game. Enrich your knowledge by observing the customs, traditions and culture of the locals and take back warm memories of your educational visit to Malaysia.

## SAMPLE TOURS/PACKAGES

### Packages Offered by Malaysian Travel Business Sdn. Bhd.

#### 4 Days / 3 Nights Kuala Lumpur / Melaka Minimum 30 pax

Malaysia's capital, Kuala Lumpur, lies midway along the West Coast of Peninsular Malaysia. It is the heartbeat of Malaysia, serving as its cultural, commercial and transportation centre. Better known as 'KL' to the locals, the city is a heady mix of history and culture intertwined with mushrooming skyscrapers.

Melaka's appeal lies in its rich and colourful past. Its 600 years of history is reflected in its ancient buildings, interesting streets, delectable cuisine and unique cultural heritage. The local population reflects an engaging intercultural heritage.

#### Day 1

Arrive at Kuala Lumpur. Proceed for Half-Day Heritage Tour after lunch. Rest of the day at leisure. Overnight at hotel.

#### Day 2

Breakfast. Continue visit to places of interest in Kuala Lumpur. Lunch at local restaurant. Next, visit the Handicraft Centre (Karyaneka) and visit Warisan Nusantara to view a collection of *keris* or the Malay dagger. Rest of the day at leisure. Overnight at hotel.

#### Day 3

After breakfast, as early as 8.30am, travel by coach to 'Melaka, the Historical City'. Lunch at Baba & Nyonya restaurant. Back to Kuala Lumpur at 4.00pm. Sightseeing at Putrajaya. Cruise at Putrajaya Lake, Dinner at Putrajaya. Depart to Kuala Lumpur and check-in.

#### Day 4

Breakfast with day at leisure. (Free & Easy) Check-out.

#### 3 Days / 2 Nights Taman Negara, Pahang Minimum 30 pax

The journey from Kuala Lumpur to Kuala Tembeling Jetty takes approximately three hours. Visitors have to embark on a 3-hour boat ride from Kuala Tembeling to the resort.

#### Day 1

Arrive at Kuala Tembeling and proceed to the registration office at Kuala Tembeling Jetty. After lunch, depart by boat to Taman Negara (ETD 1400hrs/ETA 1700hrs). After dinner, proceed to the Taman Negara Interpretation Show, and then go for a night walk/jungle trekking. Overnight at resort.

#### Day 2

After breakfast, take a boat ride and then proceed to the canopy walkway. Depart by boat to Pengkalan Gua for jungle trekking and cave exploration. Return to the resort for lunch followed by rapids shooting (depending on the water level). BBQ dinner at resort.

#### Day 3

Depart by boat to Kuala Tembeling Jetty (ETD 0900hrs / ETA 1200hrs).

**3 Days / 2 Nights Homestay Programme in  
Teluk Melano, Sarawak. Minimum 30 pax**

Telok Melano is a perfect nature retreat blessed with beauty, charm and all the attractions of a tropical paradise. Its crystal clear waters, tropical rainforest and pristine beaches offer endless opportunities for eco-tourism activities. It is situated on the western tip of Sarawak, fronting the South China Sea.

Fly to Kuching; from there take a further 100km drive. Upon arrival, visitors will be greeted by a local representative of the Teluk Melano Homestay Programme. The village is renowned for having the most beautiful beach in Sarawak. Main attractions:

- Snorkelling
- Tour of Tanjung Datu National Park - wildlife area

**Day 1**

Visitors will be greeted upon arrival at the Kuching International Airport and transferred by coach to Semantan (about 2 hours). Along the way, visit the Sempadi Reforestation Station and Honey Bee & Mulberry (silk) Farm. After lunch at Semantan, embark on a speedboat ride to Telok Melano. Orientation will commence at the Information Centre. Proceed with visits to pepper, cocoa and rubber plantations. Dinner is followed by a cultural performance of 'Gendang Melayu' (Malay drums).

**Day 2**

Breakfast, followed by a full-day trip to Tanjung Datu National Park. Trek through the jungle trails to Tanjong Datu (1 hour 40 minutes). Explore the park for sightings of wildlife (Borneo gibbons, pangolins, silver leaf monkeys and hornbills). Picnic lunch at the park, and snorkelling at Labuan Gadung and Pulau Gado. Return to Telok Melano for dinner and stay overnight with the host family.

**Day 3**

After breakfast, depart by boat to Semantan, en route by land to Kuching. Stop over at Gunung Gading National Park. Lunch at the nearby town of Lundu. (Kindly book onwards flight after 1700hrs).

**3 Days / 2 Nights Kuching, Sarawak  
Minimum 30 pax**

Kuching, the capital city of Sarawak, Malaysia's largest state, is simply unique. The narrow bustling streets are crammed with shops selling a variety of goods, from ethnic crafts to exotic souvenirs. There are ornate Chinese temples, fine examples of colonial-style architecture, a beautiful waterfront and a number of interesting museums, including the world-famous Sarawak Museum. The ethnic diversity that has shaped the city over the years is evident in the various cultural and religious activities, as well as languages, cuisine and architecture.

**Day 1**

Arrive at Kuching. Proceed for Half-Day Kuching City Tour. Visit places of interest such as the Colonial Court House, Clock Tower, Monument of Charles Brooke, Malay Village, Istana, Kuching Waterfront, Sarawak Museum, Cat Museum, City Mosque (or Chinese Temple) and Pottery Factory. After lunch, rest of the day is at leisure. Seafood dinner (cross over Sarawak river). Overnight at hotel.

**Day 2**

After breakfast, proceed to the 'Living Museum' or the Sarawak Cultural Village, to experience the cultural diversity of the seven major ethnic groups in Sarawak. You can also enjoy a 45-minute cultural show at the theatre. After lunch, visit the Semenggoh Orang Utan Sanctuary to see 'the Wild Man of Borneo' which is the Orang Utan. See their unique 'humanlike' behaviour as they come out from the jungle during feeding times. On the way back, stop by at the Pottery Factory for some shopping. Dinner. Rest of the day at leisure. Overnight at hotel.

**Day 3**

Breakfast with day at leisure. Check-out.

## HOMESTAY PACKAGES

### Sample Itinerary

#### Day 1

Arrive at your selected *kampung* and be greeted by the local representative, who will give you a briefing on what to expect. You will also be introduced to your foster family, the people whom you will be living with during your stay. After unpacking, enjoy your first meal with your host family and get to know a little about them. Later, take a tour of your *kampung*, either on foot or on a bicycle. In the evening, join the boys for a game of *sepak takraw* or chat with your hosts. Take a bath, *kampung*-style – using a bucket and dipper – and get ready for a hearty meal. After dinner, stroll to the local community hall for a cultural performance by the villagers.

#### Day 2

Wake up to the crowing of cockerels and after a quick bath, proceed to have breakfast, which might be the popular *nasi lemak*. This is followed by a school visit, which involves a tour and some activities. Lunch is served back in your host's home after which additional activities may also be organised. Follow a farmer out to the plantations to try your hand at tapping a rubber tree or watch how the *kampung* folk process agricultural products like paddy or cocoa. Observe and try batik-making with the help of village women. Create a colourful masterpiece of your own to take home. Sit down and relax while playing a game of *congkak*, or trek through the rainforest as you make your way to a waterfall. Once the sun sets, settle down to a sumptuous family dinner and enjoy more traditional delights. After that, you may want to participate in a mock traditional wedding, which is highly recommended.

#### Day 3

After having breakfast, bid farewell to your host family. You will return home with fond and cherished memories of an amazing cultural and social experience. All this from a little *kampung* in Malaysia.

For further information on homestays, contact the nearest Tourism Malaysia office, or contact the following homestay coordinators:-

# ENJOYING THE HOLIDAYS

Students in Malaysia will find that there are many exciting ways to spend their holidays or semester breaks. Explore the various places of interest at leisure or join an organised tour to take in the sights. Students are advised to make their plans early during festive and holiday seasons.

### Kuala Lumpur

Kuala Lumpur, or 'KL' as it is affectionately known, is a vibrant metropolis amidst colourful cultures. It is home to a population of 1.5 million people and is a microcosm of modern Malaysia. KL has an endless number of attractions that will keep students delighted. It is a city of delightful contrasts, offering a combination of modern sophistication and nostalgic old-world charm. Go up the Petronas Twin Towers, the world's tallest twin buildings, to view the city from a dizzying height. Another major landmark is the KL Tower, where students can enjoy colourful cultural performances, a nature walk and an adrenalin-pumping reverse bungy jump. Don't miss a trip to the Cosmo's World Theme Park, the largest indoor theme park in Southeast Asia, to try out the thrilling rides.

The Moorish Sultan Abdul Samad Building and Merdeka (Independence) Square are attractions that offer glimpses into the city's rich past. Lush greenery and well-manicured parks lend a refreshing appeal to the city, earning it fame as the 'Garden City of Lights'. Enjoy a stroll amidst the

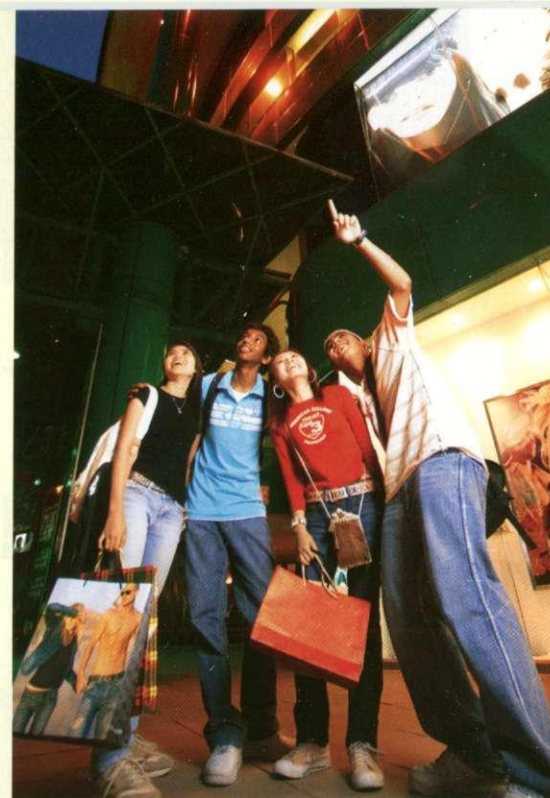

shady trees and tropical blossoms of the KL Lake Gardens or take in the sights and sounds of nature at the Bird, Deer and Butterfly Parks.

Avid shoppers will be delighted to discover a wide range of shopping establishments catering to every taste and budget. Take your pick from international designer labels to exquisite handicraft items. An endless range of products can be found at huge one-stop shopping malls such as Berjaya Times Square, Suria KLCC and Mid Valley Megamall. Take a stroll along Bintang Walk, Jalan Sultan Ismail and Jalan P. Ramlee to experience the exciting nightlife. To find unique souvenirs and novelty items, don't miss a trip to Petaling Street and Central Market. KL has a comprehensive transportation network and ample modern facilities.

Just 25 km to the south of KL is Putrajaya, the nation's new administrative capital. Hailed as an intelligent garden city, the township is constructed with detailed planning, innovative urban design and preservation for the environment. Attractions include the stately Prime Minister's Office and Residence, the pink-domed Putra Mosque as well as Putra Square, the city's ceremonial centrepiece. Enjoy a boat ride at the scenic lake or view the numerous aesthetically designed bridges that span the water bodies.

### Selangor

Situated just outside the capital city, Selangor is the most developed state in the country with a large number of educational establishments. A wide range of natural and man-made attractions give the state its touristic appeal. Selangor is one of the few places in the world where students can watch the spectacular display of fireflies. It is also home to the Sepang International Circuit, venue of the exciting annual Petronas Malaysian F1 Grand Prix. For nature lovers, the nearby FRIM (Forest Research Institute of Malaysia) is an ideal destination to marvel at the diverse varieties of plants and trees. Another highlight is Batu Caves, a massive limestone outcrop that draws people from around the world during the annual Hindu festival, Thaipusam. The Sultan Salahuddin Abdul Aziz Shah Mosque, or more popularly known as the Blue Mosque,

features the world's tallest minarets. There are numerous shopping malls and amusement centres in the state, including the Egyptian-themed Sunway Pyramid, and Sunway Lagoon. The Mines Wonderland is another exhilarating themed attraction, built on the world's largest open cast tin mine.

To the north of Selangor, **Perak** is home to several attractions including Pangkor Island and the award-winning Pangkor Laut Resort. The royal town of Kuala Kangsar, Gua Tempurung's fascinating limestone formations and the mysterious Kellie's Castle are other highlights.

### Melaka

One of the most popular destinations in the country, Melaka has a great historical significance. In its heyday, Melaka was the region's largest emporium attracting traders from as far as China, India, Arabia and Europe. Its successive colonial eras under the Portuguese, Dutch and British have transformed the state into a cultural melting pot. Well-preserved old buildings and museums give the state its irresistible appeal. Highlights include the salmon-red Stadthuys, Christ Church, St. Paul's Church and the A'Famosa fortress. For those with a penchant for antiques, Jalan Hang Jebat or Jonker Street has a stretch of antique stores, galleries and souvenir shops. Enjoy a trishaw ride along the historic heart for an unforgettable experience. Away from the main town, Ayer Keroh beckons with a recreational forest, zoo, crocodile farm and other captivating man-made attractions. To cool down on a hot day, visit the A'Famosa Water World for some splashing excitement. While in Melaka, don't miss the tempting array of local delicacies, ranging from Nyonya cuisine to spicy Portuguese fare.

The neighbouring **Negeri Sembilan** is a small but interesting state, with a rich culture and history. It is often identified with the pervasive influence of the Minangkabau culture, reflected in the upswept roofs reminiscent of buffalo horns. Make a trip to Port Dickson beach, a popular weekend getaway.

### Penang

Famed as the 'Pearl of the Orient', Penang has long been a favourite destination for travellers to Malaysia. This enchanting island resort boasts alluring beaches, a colourful history, rich potpourri of cultures and old-world charm. Georgetown, the bustling state capital, combines the best of the East and West as seen in its fine old buildings, each bearing the stamp of different foreign influences. Take a trishaw ride to discover its eclectic blend of colonial, Moorish, Indian and Chinese architecture. Among the places of interest are the ornate Khoo Kongsi building, Cheong Fatt Tze Mansion, Kapitan Keling Mosque, Botanical Gardens, Fort Cornwallis and Wat Chaiyamangkalaram, a Buddhist temple with one of the world's longest reclining Buddha statues. Locals swear Penang has Malaysia's best food – visitors can sample the variety of mouth-watering cuisine at open-air stalls along Gurney Drive.

Further north, **Perlis** and **Kedah** are touted as 'Malaysia's Rice Bowl States', for their sprawling paddy fields. Rounded limestone hills rise above the rice fields, and many contain caves with magnificent formations. The international island resort of **Langkawi** in Kedah consists of 99 islands shrouded in fascinating myths and legends. Its breathtaking scenery, luxury beach resorts, rustic ambience, prolific marine life and duty-free shopping make Langkawi an ideal holiday destination.

## Johor

Johor, the southern gateway to Peninsular Malaysia, is linked to Singapore by a causeway and a bridge. Its unspoilt beaches, pristine nature and championship golf courses make it a sheer delight for visitors. The vast wilderness of the Endau-Rompin National Park is ideal for hiking and other adventure sports. For nature lovers, the legendary Gunung Ledang or Mount Ophir provides a two-day return trek, passing through waterfalls and forests. Like diamonds in the South China Sea, the islands of Rawa, Sibul, Besar and Pemanggil offer excellent snorkelling, windsurfing and other water sports. Experience the thrill of standing at land's end at Tanjung Piai, the southernmost tip of the Asian continent.

**Kelantan, Terengganu and Pahang** make up the east coast states of Peninsular Malaysia. The largest state in the peninsula, Pahang is endowed with natural attractions. It is home to Taman Negara, the country's premier national park and Tioman Island, hailed as one of the best island retreats in the region. Genting Highlands, dubbed as the 'City of Entertainment', is a major tourist attraction featuring heart-stopping rides, a casino, golf course and cable cars. The charming hill resorts of Cameron Highlands and Bukit Tinggi make for refreshing vacations. In Terengganu, the captivating islands of Redang, Perhentian, Lang Tengah, Kapas and Tenggol offer incredibly azure waters teeming with marine life. Kelantan is best known for its laid-back charm, traditional pastimes and cottage industries.

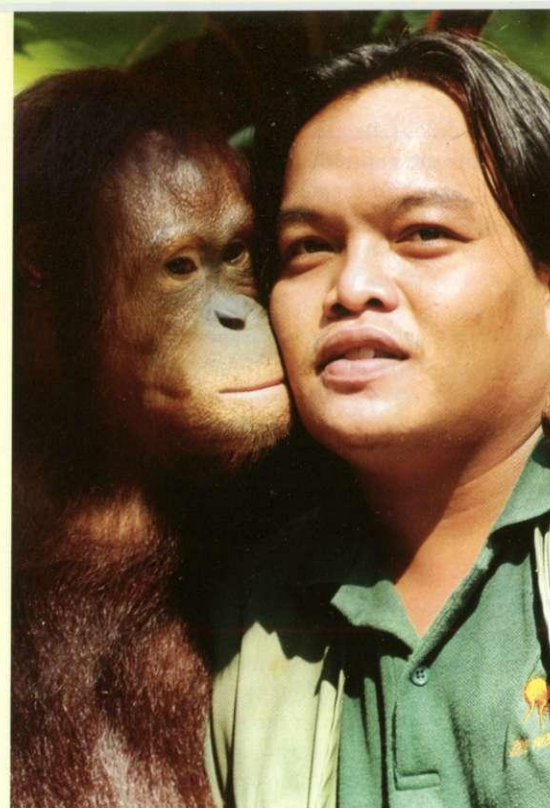

## Sabah and Sarawak

The states of Sabah and Sarawak in Malaysian Borneo offer visitors a unique experience in the midst of diverse ethnic communities, primeval rainforests and unique flora and fauna. Famed as the 'Land Below the Wind', Sabah boasts 32 ethnic communities speaking nearly 80 dialects. Its capital of Kota Kinabalu is the gateway to eco-adventures like mountain-climbing, white water rafting, diving and river cruising. Comprising five islands, the Tunku Abdul Rahman Park is a veritable playground for water sports.

Students should not miss an opportunity to conquer Mount Kinabalu, one of Southeast Asia's highest peaks. For an adrenalin-pumping experience, go white water rafting in the Padas or Kiulu Rivers. The Sepilok Orang Utan Rehabilitation Centre offers the fascinating experience of standing close to these primates, touted as 'the Wild Man of Borneo'. For a leisurely time, enjoy a ride on the antique train from Tanjung Aru to Tenom through the picturesque Padas Gorge or take the North Borneo steam train to Papar. Experienced divers can visit the world-famous Sipadan Island, well-known for its sea turtles, reef sharks and a thrilling drop-off.

Located off the west coast of Sabah, **Labuan Island** is a paradise for wreck diving, deep sea fishing and several World War II memorials.

Sarawak or the 'Land of the Hornbills', beckons visitors with exciting eco-adventures. Endowed with one of the world's richest and most diverse eco-systems, Sarawak is a perfect destination for activities such as trekking, caving, mountain climbing, kayaking, biking, rafting and diving. The state boasts a rich tapestry of cultures. Kuching, the vibrant capital, is located along the banks of the Sarawak River. It lays claim to many museums, including the Sarawak Museum which contains one of the region's best ethnographic collections. Damai Beach, a short drive from Kuching, is a pleasant getaway with scenic beaches, sprawling golf courses and international-standard beach resorts. Students who are interested in culture should not miss the Sarawak Cultural Village, an award-winning attraction showcasing the diverse lifestyles of the ethnic groups in the state. Sarawak has a large number of national parks that are paradise for nature lovers. Visitors will be amazed by the razor-sharp limestone pinnacles in Mulu National Park, a world heritage site. A visit to the national parks will reward visitors with exciting attractions such as the Rafflesia, the world's largest flower as well as rare and interesting animals such as the pendulous-nosed proboscis monkey, silverleaf monkey, bearded pigs and banded langurs.

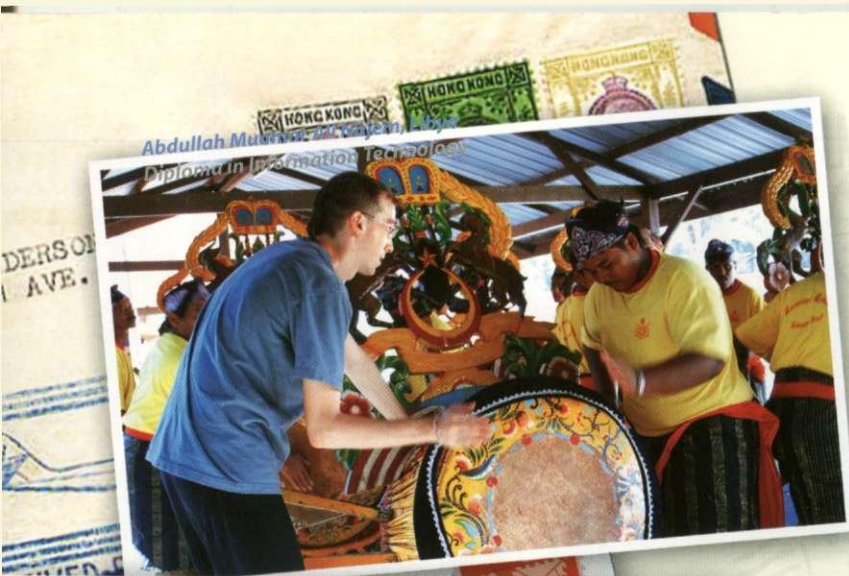

# WHAT STUDENTS SAY

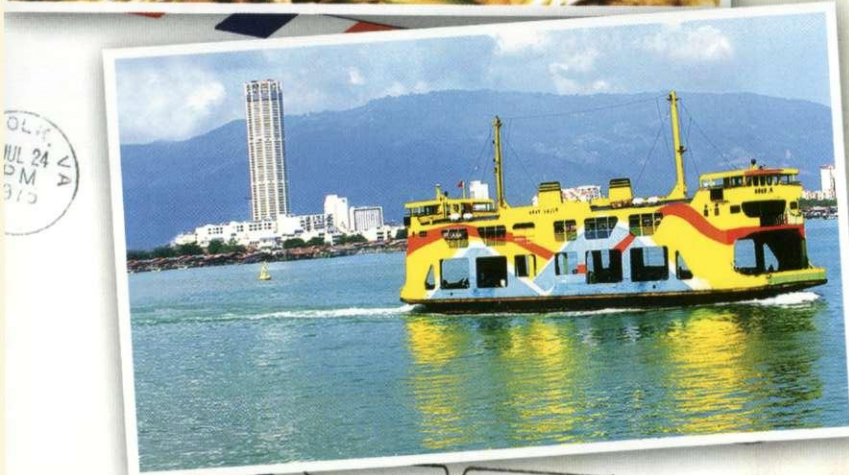

**Abdullah Muamar Ali Najem, Libya**  
Diploma in Information Technology

*I am from Libya. I have heard a lot about Malaysia when I was in my country. I found Cosmopoint via the Internet and right now I am proud to be a second semester student of this institute. Coming to Malaysia was a great experience for me as I learned a lot about culture and people. The three races of Malays, Chinese and Indians are really a wonder that I can't describe, the love and friendship between them is really a great thing.*

**Shafayet Hossain Real, India**  
BA (Hons) Business Administration,  
University of East London, Current

*HELP University College is exceptionally different from all the academic institutes back home; the lecturers here are friendly, helpful and teach by integrating practical experiences. When I compare UK to Malaysia, I find that for the same degree and quality of education, it is much affordable at HELP University College. Furthermore, it's closer to home.*

**Ivona Ong, Indonesia**  
Graphic & Multimedia Design, 3 years

*Studying design abroad has always been my dream and I was glad to be recommended into Equator Academy of Art, Penang by the Educationist from Medan.*

*Penang Island, which is full of heritage and culture, is an ideal location for me as it is very near and similar to Medan. The course I am taking is also of quality with a wide range of interesting subjects, topped with affordable fees.*

**Ardit Llazani, Albania**  
Master of Computer Science

*It's been a great experience studying in Universiti Malaya. It has a wonderful environment and I love the diversity of cultures and the kindness of the local people.*

**Emmeline Hannah Lyon, United Kingdom**  
BA in Mass Communication

*Studying at Liukokwing is an enriching experience. It is not just about acquiring a diploma or a degree. It is also about learning away from classroom and textbooks - learning about Malaysia's multiracial society, international cultures, event management, film and TV production and involvement in charity activities. Equally rewarding is the industry exposure. Liukokwing students work in cooperation with major companies, undertaking special projects and sometimes even compete with the professionals, gearing us for real-life solutions when we graduate.*

**Lwando Ziqhu, South Africa**  
4 years

Now that I am almost through with my studies in Multimedia University (MMU), I am saddened by the prospect of leaving a place that has given me four glorious years. In my stay in Malaysia, I have made many friends from various countries around the world, learnt so much, inside and outside the classroom. This has been a priceless learning experience, one that I enjoyed immensely and will forever be grateful for.

**He Le, Guangzhou, China**  
Diploma in Business Administration –  
2 1/2 years

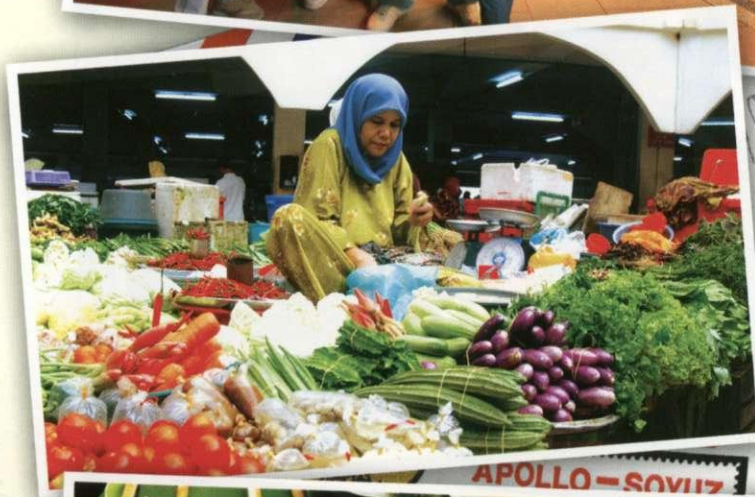

I am exposed to real-life applications taught by qualified and experienced lecturers. The programmes are innovative and the costs are low. The Hostel is comfortable and the facilities are good. My standard of English has improved and I am more confident now. I plan to complete my studies in Australia. Malaysians are friendly and I am enjoying the cultural experience.

**Thome Catherine Dorothy, Germany**

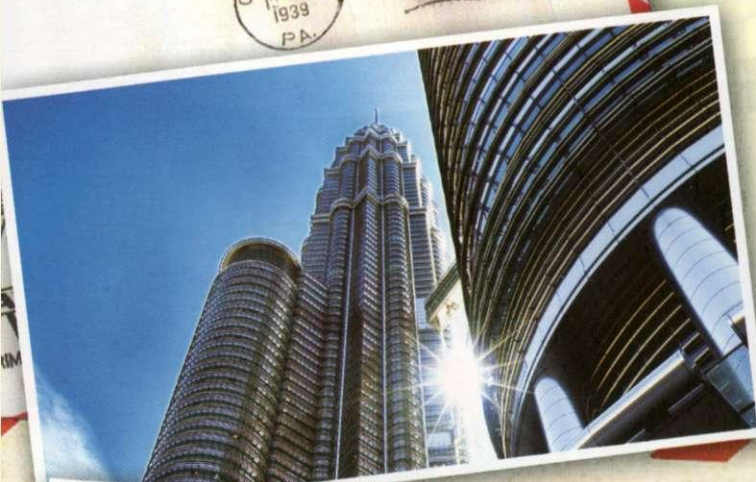

Why did I choose Limkokwing? The reputation that precedes it, and the internationally recognised degrees from such universities as Curtin. It saves cost and I like the small teacher-student ratio – only 20 in a class. Adapting to Malaysia is no problem at all as there is no language barrier. English is widely spoken here. I enjoy the Malaysian lifestyle and the warm people, the large variety of food and the modern infrastructure in KL.

**Ammara Nasir, Pakistan**  
Secondary 3  
6 Months

Being an international student at Wadi Sofia International School (WasIS) is really good. It is fascinating to see how people from different backgrounds can live together in peace and harmony. The teachers are really good, kind, and friendly. They know everyone personally and we are like their friends. This is among the best schools I have experienced so far.

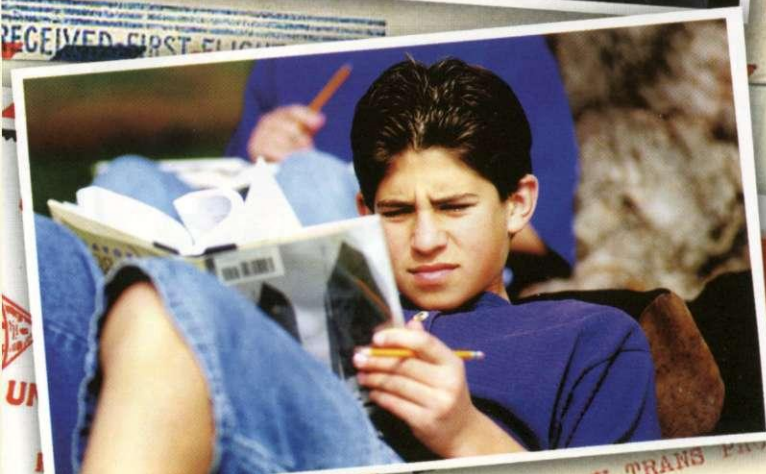

**Nicole Lindsel, Australia**  
Higher School Certificate  
Jan 2005 – Dec 2006

*My dad moved here six years ago and I would visit him twice a year for holidays. When he asked me if I would like to join him living in Kuala Lumpur and going to school in Australian International School Malaysia (AISM), my immediate reaction was 'yes'! So far everything is going well, and I have also made some great friends.*

**Pernille Voigt, Denmark**  
MSc International Business Management

*Studying at the University of Nottingham, Malaysia Campus, has proven not only to be a great academic experience but even more so a great cultural experience that I would not have been able to obtain, had I chosen to study in my home country. Malaysia offers an incredible cultural diversity that I can learn a lot from, as gaining knowledge about other cultures is very important in today's international business world.*

**Shin Soo Jin, Korea**

*I am currently attending Form Three International. My family is in Seoul, and this is my second year at Kolej Tuanku Ja'afar. I have no regrets coming here and KTJ has so much to offer. The boarding environment and having friends from other countries has broadened my views on people and their different cultures. It has also helped to improve my interacting and socialising skills, time management and independence.*

**Ese Etim Charles, Nigeria**  
Computer Science Department

*I came to know about Stamford through an agent in Nigeria. I wanted a good career, that is why I chose Malaysia, as it is a country with a good reputation in the field of IT. In addition, I needed to experience education from abroad and wanted a change, which I believe is the greatest thing in life. The environment at Stamford has been very conducive for learning.*

information on studying in Malaysia.

## Entry Documents

A foreign student who wishes to study in Malaysia is required to have a Visa and Pass to enter the country.

**Visa** - A visa is an endorsement (in the form of a sticker) on the passport to indicate that permission has been granted to the particular individual to enter Malaysia. There are three types of Visas issued by the Malaysian government; Single Entry Visa, Multiple Entry Visa and Transit Visa. In most cases, a visa can be obtained from Malaysian Overseas Missions prior to arrival. It is usually valid for three months and must be used within its validity period. Students from Commonwealth countries (with the exception of Bangladesh, India, Nigeria, Pakistan and Sri Lanka) do not require Visas to study in Malaysia.

**Pass** - In addition to visa approval, foreign students need another document called Pass, which indicates that permission has been granted for a stay in Malaysia for a specific purpose. Therefore, a Pass for an approved period of stay will be stamped in the passport at the point of entry. There are several types of Passes, such as Visit Pass (Social), Visit Pass (Temporary Employment), Visit Pass (Business), Visit Pass (Professional), Employment Pass, Dependant Pass, Transit Pass, Landing Pass and Student Pass. All foreign students intending to study in Malaysia must obtain a Student Pass.

For foreign students in higher educational institutions, all matters relating to Visas and Student Passes will be carried out by the educational institutions which offer seats to international students. Therefore, students do not have to liaise directly with the Immigration Department of Malaysia. Students will be notified of both successful and unsuccessful Visa and Pass applications through the educational institution concerned within seven (7) working days from the date of application.

All applications, processing, approval and issuance of Visas and Student Passes to prospective foreign students are done in Malaysia, except for students from the People's Republic of China. Students from China can obtain their Entry Visas from the Malaysian Embassy in Beijing, Guangzhou or Shanghai before coming to Malaysia.

Family members (parents/spouses/children) of foreign students pursuing their Masters and PhD courses are allowed to stay on a Visit Pass (Social) throughout the duration of the student's study. Parents of students who are in primary/secondary schools or pursuing the certificate, diploma and first degree courses are allowed to stay on a Visit Pass (Social) on a six (6) months to six (6) months basis throughout the duration of the student's study.

## A Step-by-Step Guide to Obtaining a Student Pass

Students who come to Malaysia to source for a suitable college or university can enter Malaysia with a Visitor Pass (Social). After you have made your choice, the educational establishment that you have selected will apply for a Student Pass on your behalf.

Once your application for a Student Pass is approved, the Immigration Department will inform the foreign student through the educational institution concerned. Students will then receive a Letter of Approval.

The student is required to produce the Letter of Approval at the Immigration check point in the airport. They will then be issued a Special Pass which is valid for 30 days.

Within this 30-day period, the educational institution concerned will submit the student's passport to the State Immigration Department for Student Pass stickers to be affixed. The processing fee for the Student Pass will be paid by the educational establishment.

### Fee

**Student Pass** - A fee of RM60.00 will be charged for a student who stays in Malaysia for a duration of one year or less.

**Visa** - The fee to obtain a Visa differs according to the students' countries of origin. However, the maximum fee is RM100.

**Processing Fee** - A fee of RM500 will be charged for Journey Performed (JP) Visa, if students enter the country before the Student Pass Letter of Approval is issued.

**Note:** The 'Visa On Arrival' service is limited to tourists and not applicable to students.

## Working Part-Time While Studying

Foreign students in Malaysia are allowed to work part-time in restaurants, petrol kiosks, mini markets and hotels (except as cashiers) as long as the Student Pass is valid. In addition, students are not allowed to work as singers, musicians, masseur/masseuse, guest relations officers (GRO) or be involved in activities deemed to be immoral.

The opportunity to work part-time is only permitted during semester breaks, festive breaks and holidays exceeding seven (7) consecutive days. The maximum duration permitted for working is 20 hours a week. In addition, the students' progress report and attendance record will be submitted every three months once to the Immigration Department by the educational establishment concerned. The opportunity to work will only be extended if the student maintains a good academic performance.

Application to work part-time must be made through the educational institution in which the student is studying.

**Note:** The Director General of The Immigration Department of Malaysia reserves the right to approve or reject the application for employment by foreign students, according to Section 9 (1) (a) the 1959/1963 Immigration Act Amended 2002.

## Country

The Federation of Malaysia comprises Peninsular Malaysia made up of 11 states, three Federal Territories and the states of Sabah and Sarawak in Borneo. Its capital is Kuala Lumpur.

## Area

329,758 sq km

## Geographical Location

Located between 2° and 7° north of the Equator, Peninsular Malaysia is separated from the states of Sabah and Sarawak by the South China Sea. To the north of the peninsula is Thailand while its southern neighbour is Singapore. Sabah and Sarawak share a common border with Indonesia while Sarawak also shares a border with Brunei Darussalam.

## Climate

Tropical climate with warm weather all year round with temperatures ranging from 21° to 32° C. Annual rainfall varies from 2,000mm to 2,500mm.

## Population

25 million

## People

Its three major races, the Malays, Chinese and Indians, along with the Kadazandusuns, Ibans and other ethnic groups make up the delightful multicultural fabric of Malaysia.

## Religion

Islam is the official religion but all other religions are practised freely.

## Language

Bahasa Melayu (Malay) is the national language but English is widely spoken. The ethnic groups also speak various languages and dialects including Cantonese, Hokkien, Mandarin, Tamil and Hindi.

## Currency

The unit of currency is the Malaysian Ringgit indicated as RM. Foreign currency can be converted at banks and moneychangers.

## Getting to Malaysia

The country's main gateway is the Kuala Lumpur International Airport (KLIA) in Sepang, located approximately 50km south of Kuala Lumpur. Other international airports which serve as entry points are Langkawi, Penang, Johor, Kota Kinabalu and Kuching. Over 40 international airlines fly into the country while the national carrier, Malaysia Airlines, has a global network that spans six continents and a national network that covers more than 36 local destinations. The main entry point by sea is Port Klang, about 50 km away from Kuala Lumpur. Malaysia is also accessible by road and rail from Singapore and Thailand.

## Getting Around

Malaysia has excellent domestic air links serviced by Malaysia Airlines and the budget airline, AirAsia, and a well-developed and efficient public transportation system served by buses, taxis and trains.

## Money Matters

Banking hours are from 9.30am to 4.00pm on weekdays and 9.00am to 11.30am on Saturdays. Banks in the states of Kedah, Kelantan and Terengganu operate from 9.30am to 4.00pm from Saturdays to Wednesdays and from 9.30am to 11.30am on Thursdays.

## Working Days

Government offices in all states, with the exception of Kedah, Kelantan and Terengganu, operate on a five-day week from Mondays to Fridays. Some private establishments are open for half day on Saturdays. Government offices in Kedah, Kelantan and Terengganu are open from Sundays to Thursdays. They are closed on Fridays and Saturdays.

## Post Offices

Open from 8.30am to 5.00pm daily except Sundays and public holidays. In Kedah, Kelantan and Terengganu, post offices are closed on Fridays and public holidays.

## Government

Parliamentary democracy with a bicameral legislative system. The Head of the State is the Yang di-Pertuan Agong and the Head of Government is the Prime Minister.

## Time

Eight hours ahead of GMT and 16 hours ahead of US Pacific Standard Time.

## Electricity

Voltage is 220 – 240 volts A/C at 50 cycles per second. Standard 3-pin square plugs and sockets.

## Weights and Measures

Malaysia uses the metric system in weights and measures.

## Telecommunications

Malaysia is linked nationally and internationally by telephone, facsimile, telegraph, telex and via the Internet. Most hotels provide International Direct Dial (IDD) telephone services.

## Common Phrases

Bahasa Malaysia or Malay is the official language and many words are phonetically similar to English. The letter 'c' is pronounced 'ch'.

## Do's and Don'ts

The following guide will help students understand the country and its people better, for a smooth and pleasant stay in Malaysia.

- Before visiting a home, it is polite to call and inform of one's arrival.
- Shoes must always be removed when entering a Malaysian home or when visiting places of worship.
- Introductions are normally acknowledged with a handshake. Some Muslim ladies may acknowledge an introduction to a gentleman with a nod of her head and smile. A handshake can be reciprocated if the lady offers her hand first to a man.
- The traditional Malay greeting or salam resembles a handshake, but with both hands outstretched and without the grasp.
- The right hand is always used when giving and receiving objects.
- The right forefinger is not used to point at places, objects or persons. Instead, the thumb of the right hand with the four fingers folded under is the preferred usage.
- Most Malaysians refrain from displaying affection in public (embracing or kissing). It would be appropriate for visitors to do the same.
- A majority of Muslim women wear garments that fully cover their bodies. Visitors are encouraged to take note of local sensitivities and dress modestly.
- Tipping is not customary in hotels. If you wish to do so, a small tip will do.
- Muslims only consume halal food (permissible by Muslim law) and only dine in restaurants which are certified halal. Muslims strictly do not consume pork and alcohol.
- Malaysia is a relatively safe country. However, students are advised to take certain precautionary measures to ensure their personal safety. Safeguard your valuables at all times. Strap or sling your bags when on the move and walk against the oncoming traffic. Keep your handbags and wallets safe and close to you especially when in crowded areas. Avoid entering dark and quiet alleys or staying out until late hours. Students are also advised to bring their passports along at all times.
